## 4 Seek Beauty Title

The Lake Region Jaycees are for the eighth straight year presenting the Miss Lake Region Pageant which is preliminary to the Miss Illinois Pageant.

This year's pageant will be held at 8:00 p.m. in the Antioch High School auditorium on August 2, 1969.

The pageant will follow the format put down by the Miss America Pageant committee, with the contestants being judged on their personality and poise; in bathing suits, in evening gowns; and in a three minute talent com-

petition. Tickets for the pageant will go on sale by the Jaycees in about two weeks.

The contestants whose applications have already been received are:

Dona Garrison, 17, daughter of Mr. and Mrs. Floyd Garrison, Sylvan Woods Dr., Antioch. She is a graduate of Antioch High School 1969, and is employed by Illinois Bell Telephone. She will be sponsored by Ace Hardware, Antioch.

Marianne Payton, 17, daughter of Mr. and Mrs. H. M. Payton,

Lakeside Pl., Antioch. She is a graduate of Antioch High School 1969 and plans to attend Patricia Stevens Modeling School. She is employed as a Wendy Ward Pacesetter at Montgomery Ward's in Waukegan. She will be sponsored by Lyons and Ryan Ford.

Marcella Sullivan, 18, daughter of Mr. and Mrs. Edwin Sullivan, 201 N. Stewart, Libertyville. She is a graduate of Libertyville High School, 1968, and attends Western Illinois University, majoring in music. She is employed by

## Admission Applications For CLC To Top 1,000

The College of Lake County announced that applications for admission will exceed the 1000 mark early in July. Dr. Russell Bloyer, Dean of Student Services, reported that as of July 1, 960 applications had been received, 734 for full-time status and 226 for part-time.

The Dean stated "The College is still receiving applications for all curricula. No programs are filled." Applications will be accepted until classes begin in September."

The College also announced that five post-secondary technical programs offered by Waukegan Township High School are being transferred to the College of Lake County curriculum.

The Board of the College approved the measure during its meeting June 24, following similar action by the Board of Edu-

cation of Waukegan Township High School on June 19.

The joint action of the boards initiated the transfer of their programs in the following areas: chemical technology, electronics, general engineering, data processing, and practical nursing.

The courses for chemical technicians and practical nursing will be completely new to the CLC program, whereas the other three will be coordinated into planned CLC curricula, according to Dr. Ernest Dear, Dean of instruction. "We appreciate the cooperation given during this move by the Waukegan Township High School. We feel this will fit into the CLC program very nicely," Dr. Dear added.

Dr. Dear said that planned facilities at CLC will be able to accommodate the additional programs, except for chemical tech-

nology which may require rental of space from WTHS, and the practical nursing classes, which are now being held at Victory Memorial Hospital.

He noted that the practical nursing program has a class underway that will graduate in September and another that will graduate in March. Dr. Dear stressed that no changes will be made in the current classes; however, CLC will have only one class a year. It will run from September to September.

Dr. Dear said that each of the five programs has active and enthusiastic support from advisory committees. He noted that there are extensive employment opportunities in each of the areas. In particular, he pointed to the area of chemical technology as one of the most rapidly growing fields.

## 'Forum' Promises To Be Good Fare

Kris Ann Fournier

## Elmer Hunter Dies

Elmer L. Hunter, 67, of 338 Harden St., Antioch, died at 4:30 a.m. Thursday, July 3, in Victory Memorial Hospital.

Mr. Hunter was born July 15, 1901, in Antioch and had lived here all his life. He was a member and past master of the Sequoit Masonic Lodge No. 327 A.F. & A.M. and served as engineer on the Antioch fire department from 1923 to 1966.

He was the former owner and operator of Hunter's Garage on Rte. 173 from 1933 until his retirement in 1968.

He married Martha H. Buck on Dec. 23, 1925 in Antioch and she

## Annexation Of Grade School Is Approved

An annexation of the Antioch Upper Grade Building site to the village was approved Monday night by the Antioch Village Board.

The school district will pay a flat fee of \$35,000 for water and sewer service to be supplied by Antioch.

The vote on accepting the 50-acre annexation proposal was 4 to 2, with Trustees J. Irving Walsh and Robert C. Wilton casting the "no" votes.

Village Atty. Edward Jacobs pointed out the formal vote will be held later after he prepares the ordinance embodying all the provisions agreed to.

Walsh and Wilton said they didn't like to approve of a package arrangement where all the costs weren't yet known. They asked that more study be given to possible alternative means of financing the project.

The new school is being constructed west of and contiguous to the village, north of Rte. 173.

Mayor Raymond Tolt noted the school board had been told previously the arrangement was agreeable to the village. "We've already agreed to do this when the school board came here," he said, adding: "If we're not going to accept it, we should have told the school board."

All the board members said they were concerned over how the village could recoup some of its outlay for sewer and water facilities.

Jacobs suggested the sewer and water committee make a study of how other communities handle the problem of fairly splitting the costs of such facilities between the town and newly annexed properties.

At one point Tolt said he felt that the village either would have to have adequate facilities to handle everyone who requested them or the state and county would.

"If we're not big enough, I say, eventually, someday, we won't be doing it," he said.

In urging approval of the school board's petition, Tolt asked: "If you're going to charge the school, why didn't you charge Hemings Court, Osmond, Blackman and Cunningham?" These are other subdivisions taken into the village.

Wilton said under the proposed routing of the sewer and water lines, along Rte. 173, only the school district's property would be served. "We are spending this on a piece of property we won't

(Continued on page two)

## Doris McClory Will Address GOP Women

Doris Hibbard McClory, wife of Congressman Robert McClory, will be the guest speaker at a buffet luncheon to be given on Monday, July 14, at McHenry Country Club.

Mrs. McClory will discuss her experiences as a TV producer and her new role in Washington.

Tickets are available to the public from: Mrs. Robert Peterman, JAG-2743, Lake County; Mrs. Henry Noll, 385-1216 McHenry County; Mrs. Thomas Pettis, 381-0467 Cook County.

Firemen from three fire departments, Newport, Grayslake, and Gurnee battled this blaze last Thursday which destroyed the barn on the farm of the R. D. Stuart property on Rte. 132 on Edic Road a mile east of Rte. 132. (photo by Joe Rush)

## Body Is Found In Lake

## County Fair To Begin On July 23

Lake County's Annual Fair and 4-H Club Show will start Wednesday morning, July 23 and continue through Sunday evening, July 27. The show will be held on the Lake County Fair Grounds, routes 45 and 120.

The Lake County Exposition is now recognized as one of the top shows in Illinois. More than 50 acres are available for the 4-H and open class exhibits, the industrial and commercial exhibits, the large midway, and for parking.

Those who delight in seeing the best in purebred livestock will find it all at the Lake County Fair and 4-H Club Show.

Exhibitors from Illinois and neighboring states will exhibit their best blue ribbon poultry, sheep, swine, dairy and beef cattle, rabbits, goats, pigeons, flowers and vegetables and other products.

There will be plenty of action

during the five days and nights of the Lake County Fair and 4-H Show, including horse and pony shows, rodeos, livestock parades,

queen contests, tractor and horse pulling contests.

Admission to the Fair is \$1.00 with children 12 and under admitted free.

## New Band Director

Bristol Band Director Lewis (Doc) Koch today announced that an outstanding musician from Kenosha, Jerry Jerome Engelmann has taken over the directorship of the Bristol Band.

Engelmann is well known in music circles and has been a member of the Kenosha Concert Band for many years.

Any musicians are invited to join the Bristol Band. Rehearsals will be held each Monday at 8 p.m. at Central High School.

Foss and a companion were pa-

tron of the "Sons of Norway"

which maintain-and-rent cottages and boats at a campsite on Cedar Lake.

Keisler call Lake Villa Police and rescue squad who were assisted by lifeguards in recovering the body.

The friend has not yet been located.

Long live the circus.

Peanuts and pink lemonade,

tooting calliope, cumbersome elephants will take possession of the show grounds at Rte. 173 when the Sells & Gray Circus spreads its magic city of tents Sunday, July 13.

The big circus will roll into Antioch at dawn. Hundreds of spectators will throng the show grounds. Small boys will be there in vast numbers. They will lead tiny ponies to water and act as a reception committee to the visiting showmen. Towering centerpoles will nose their way into the air.

The huge arena tent, and others will be ready before noon. Various tents house the transient city.

The circus management stated that the circus has been wonderfully received during the current 1969 tour and stated that the public certainly appears to be circus hungry, especially for a real old fashioned family circus under a big tent, and in the 3 ring European style every seat is a ring-side seat.

They said the big show began the current season in early April in Florida and expects to tour 30 states and 3 Canadian Provinces before closing in November along the Gulf Coast.

The management also stated that the tented circus seems to be more popular now than ever before. T.V. has contributed greatly to the revitalization of the circus by the increasing interest through the circus programming currently seen on T.V. channels everywhere.

Tickets will be on sale at the circus ticket wagon one hour prior to each performance. The

(Continued on page two)

Moments to remember for a lifetime occurred when a veteran clown, Fred Yost, and four-ton Mable from the Sells & Gray Elephant Herd make a visit to the crippled children's hospital. The big show will be in Antioch on July 13.

### Your Congressman Reports....

By Cong. Robert McClory

There are substantial pressures on the Congress to "do something" about campus disorders. The expression "campus disorders" generally refers to violence and vandalism as well as to less militant disruptions. The broad problem is nationwide—worldwide. It defies easy answers or pat solutions. Indeed, the zeal with which some Members of the House of Representatives are moving portends greater mischief than relief.

One measure which has virtually unanimous support would require the suspension of any federal grant or loan to a student whose activities result in disruption of educational programs. Legislation of this type which is already in effect is discretionary with the university. Most Members of Congress would appear to favor making the withholding of such funds mandatory.

A more far-reaching measure is sponsored by Representative Edith Green of Oregon—a ranking Democratic Member of the House Committee on Education and Labor. Congresswoman Green's proposal would require colleges and universities which receive federal funds to certify to the Office of Education those programs of action designed to maintain order and prevent disruption of educational operations.

The certification would be subject to review by the Commissioner of Education and could be rejected if it indicated that inadequate safeguards were being provided.

Most university administrators have opposed this legislation on the ground that it would require the disclosure of internal action which the university may take, and would subject every university to the threat of standardized policies affecting its operations.

As pointed out by several college Presidents, conditions on each university campus are substantially different, and a stereotyped form of program to cope with disruptions on every American campus is both unworkable and inimical to freedom of education.

The Secretary of Health, Education and Welfare, Robert E. Finch, appears to prefer a bill which would authorize Federal courts to grant injunctions against students who participate in or threaten disruption of educational operations. This far milder approach is opposed both on the grounds that it would be substantially ineffective, and because it would duplicate existing state laws which permit such relief.

In this connection, it should be noted that the handling of a student revolt at Dartmouth College has been cited for its effectiveness. A group of students forcibly occupied the Administration Building. When President John Dickey ordered them to vacate the building, thereupon, he sought immediate court relief by way of an injunction, with the result that the students were evicted and effectively punished for their misdeeds.

President Dickey applied for a State Court injunction. However, whether such an injunction is secured in state or federal courts would seem to be unimportant. The point remains that where students engage in violence or actions which disrupt college administration and education, they should be treated as law violators and punished as fully and effectively as any others who violate the law.

This does not mean that all problems of discipline on our college campuses must become problems for the national Congress and the federal courts. College administrations should assume first responsibility, and local and state authorities should become involved only when violations of state and local laws occur. The federal government's role must be minimal yet firm, and consistent with President Nixon's determination to combat violence wherever it appears.

A desire in the Congress to "do something" continues—with the fervent hope that what is done will relieve and reduce the violence and disruption on the campuses of American colleges.

"Despite all you hear about conservation of natural resources in America, the chances are the first resource to be exhausted may prove to be the taxpayers."

—Oakdale, La., Journal.

### FROM THE STATEHOUSE

By LT. GOV. PAUL SIMON

### WILL A STATE LOTTERY ANSWER OUR PROBLEM?

Recently the Rockford Morning Star editorially condemned the idea of a state lottery in Illinois to solve our financial problems.

But that newspaper's opinion is hardly universal. Even at a meeting of educational leaders the question was raised, "Isn't a state lottery the answer to our problems of finance?"

There are two answers to that question.

1. Under the present state constitution, we cannot have a state lottery.

2. In the two states which have a state lottery, New York and New Hampshire, experience shows that a state lottery is anything but satisfactory from the viewpoint of revenue.

Virtually every state at one point in history had legalized lotteries. They were taken for granted in Illinois and most states. When Lincoln was a member of the Illinois General Assembly, lotteries frequently were authorized to raise money for various projects.

Lotteries were not only a part of the state scene but were carried on in the colonies prior to the United States becoming a nation. The first legalized lottery in what is now the United States was in the colony of Virginia to erect a Lutheran church there.

But in Illinois and other states, the lotteries proved to be too tempting a prize for some public officials and others operating the lotteries. The lotteries became so obviously corrupt that when new state constitutions were written, lotteries were prohibited.

There soon will be a state constitutional convention in Illinois which could authorize lotteries. But a lottery for the next two years is unconstitutional.

Even if it were possible, the experience in New Hampshire and New York should make any reasonable person pause.

In neither state has there been a problem with corruption so far, but income has been far below expectations. New Hampshire is now considering dropping the lottery and New York each month has a lower and lower income from the lottery.

In both states income is only the proverbial "drop in the bucket" compared to needs.

It is a natural temptation to look for some easy answer to our state's financial problems. Unfortunately responsible answers are not easy.

### Wanted: Clean Air and Water

The most emotional issue confronting the state is not the problem of air and water pollution, but it is certainly one of the most important issues.

I received a letter from a seventh grade class about air pollution in Cicero. It was heartening to visit with them and see their intense interest in having a cleaner environment.

If we are to solve our problems such interest must grow.

In the next thirty years, the earth's population will roughly double. Experts suggest that pollution will more than double as the less developed countries become more industrialized.

Senator Jack Kuepfer, Republican of DuPage County, has introduced a measure into the Illinois Senate which would strengthen air pollution control in the state. Other legislators from both political parties are showing an increasing interest in moving against those who would pollute the environment about us.

But progress is agonizingly slow—dangerously slow.

What happens to the ingredients which pollute our air? What happens to the insecticides and poisons which flow into our streams?

We don't know all of the answers, but there is at least the very real possibility that we are gradually cutting ourselves off from good water, that we literally are gradually choking ourselves.

But the major deficiency today is not the lack of knowledge, but the lack of concern.

State and local governments and the federal government must work diligently to reduce the menaces which are an immediate threat to many citizens, and soon could be a threat to all people, no matter where you live.

### Annexation . . .

(Continued from page one)  
get any taxes on; that's my only concern," he said.

John H. Greenlee Elevated Tank Service Co. of Cherry Valley (Rockford) was low bidder on cleaning and painting the Anita Avenue water reservoir. Its bid was \$2,850.

The seal-coating of seven streets at a cost of \$1,573 was approved. The streets are: Williams Street, Corona Avenue, Cunningham Avenue, Turner Drive, Henry Street, Elizabeth Street and Cheri Lane.

Mayor Toft said he would prefer to blacktop the streets if the money were available.

Jacobs said under a new state law the village will receive more motor fuel tax funds and receive them sooner.

A request will be made to the state to change the automatic signals at Main and Lake streets to flashing red and amber lights after 11 p.m. Public Works Superintendent Edgar Simonsen said he will ask state highway engineers to approve the change. Simonsen said the state hasn't yet approved of turn-arrows installed at the intersection by the village.

Several 12-minute parking meters will be tried at downtown locations, the board decided. These meters will be policed from 9 a.m. to 11 p.m. The idea, the mayor said, is to provide parking for customers of short-stop businesses such as pizza shops and drugstores.

Also approved was the blacktopping of the alley, to be designated as a sidewalk, next to the V & S Hardware Store.

Mayor Toft suggested the vil-

lage might well look into joining the United Fund.

An irate citizen reports he will refuse to buy an Antioch vehicle sticker this year because his home was damaged by water.

The Antioch Village Board was informed of this Monday night in a letter by Arland Clark, 574 Parkway Ave.

Said Mayor Raymond Toft, "I hope everyone who had a flooded basement doesn't feel that way."

### Circus Day . . .

(Continued from page one)  
first show starts at 2:00 p.m.  
and the second at 5:30 p.m.

Advance tickets are now on sale at the Chamber of Commerce office.

### Bible School Plans At Lutheran Church

Plans are underway for the Annual Daily Vacation Bible School to be held at St. Stephen Lutheran Church, Hillside Avenue and Route 59, Antioch, the weeks of August 18 through the 29th.

Mrs. William Seemann, 649 Longview Drive, Antioch, is Superintendent and has already lined up the various classes consisting of Kindergarten, and first through sixth grade classes.

The theme this year is "Jesus in the Church" and classes will start each day at 9:30 a.m. to run to 11:30 a.m. Donation toward cost of materials, printed matter, refreshments will be \$1.50 per week.

For registration, one may call Mrs. Seemann at 395-1729.

Call 395-4111 to place a Society or News item.

### Lions Elect International President

W.R. Byran of Doylestown, Ohio, was elected President of Lions International at the Association's 52nd Annual Convention in Tokyo, Japan, July 2-5. Serving as the 53rd President of the world's largest humanitarian organization, Bryan leads some 910,000 members in 23,300 clubs located in 145 countries and geographic areas throughout the world.

### Admission Applications . . .

(Continued from page one)

Completion of the CLC program will enable the candidate to fill any one of many available positions in local, as well as national industry.

Dr. Dean said that the general engineering program will fall into CLC's proposed mechanical and architectural drafting curriculum. Data Processing and electronics dovetail with programs already scheduled by the College, he pointed out.

The transfer is in keeping with the purpose and intent of the Illinois Junior College Act, said Dr. Dear. He noted that post-secondary programs, such as these, that have been conducted by high schools are now being turned over to the junior colleges in their districts.

He commended the WTHS Board for making the recommendation. Dr. Dear said that some of the programs will have classes both day and evening, but for specific schedules, he suggested contacting the CLC office.

"Persons wishing to enroll for the new class in September should make their applications as soon as possible. Forms and additional information may be obtained from CLC offices at 2015 W. Washington, Waukegan."

Conscientious newspaper staffs regularly spend hours and inches telling their readers that the difference between a democracy that succeeds and one that fails is its citizens' involvement. An informed, concerned citizenry is indispensable to a going government, on whatever level. Unknowing, uncaring citizens constitute odds that almost guarantee their government's failure."

### County Teams Place

Lake County Dairy, Livestock, Horse and Pony, Horticulture, and Poultry teams competed in the State 4-H Judging contest held in Urbana, on Tuesday, June 24.

The Dairy Judging team earned a B-rating at the State contest, with Roger Shanks of the Happy Hayceeds 4-H Club, the top scorer from Lake County receiving an A-rating. Other members of the Dairy Team were David Shankle and Tony Titus who received B-ratings, and Earl Shanks, who received a C-rating, all members of the Happy Hayceeds 4-H Club.

The Horse and Pony Judging team comprised of Bill Sevenson, Grayslake Ag; Pat Golien, Warren Wranglers; Julie Butler, Happy Hayceeds; and Phil Ogden, Chain O' Lakes; earned a C-rating. The highest scoring individual was Pat Golien, who received a B-rating, and a red ribbon.

The Livestock Judging team received a C-rating. The high scoring individual was William Grinnell of the Happy Hayceeds 4-H Club with an A-rating and a blue ribbon. Other members of the team included Tom Thelen, Carl Schleifer, and John Karel, all of the Barrington Flynn Valley 4-H Club.

The Poultry Judging team earned a B-rating with all team members receiving ratings of B. The members of the team were Gary Wells and Mike Wells of the Millburn Hornets; Karen Pearson, Haworth Helpers; and Bill Reginer, Vol. Ag.

B-ratings were earned by all members of the Horticulture team. The team consisted of Alison Hevdeis of the Sequoia Suzies 4-H Club; Dolores Russell, Julie Russell and Linda Worach, all of the Waucanda Ag 4-H Club.

George Daigh, State 4-H Specialist, reported that nearly 400 4-H'ers from 90 counties took part in this year's contest. County teams and individuals were ranked in 3 groups. A-team ribbon was given to counties with class A&B judging.

Ribbons were awarded to individuals placing in Classes A and B. Medals will be awarded to members taking part in the Na-

ional contests later this year. Illinois will be represented in the national contest by teams made up of three individuals and an alternate. The four team members in each contest are selected from the A-group in the state contest by means of invitational contests held later in the year.

In national competition, members of the state dairy team will judge at the National 4-H Dairy Judging contest in Columbus, Ohio, and the International Livestock Exposition in Chicago. The livestock team will compete at the International Livestock Exposition and the American Royal Livestock Show in Kansas City. Poultry team members will attend an invitational contest in Chicago, and vegetable team members will judge in a national invitational contest in Atlanta, Georgia.

the Ben Franklin Store in Libertyville. She will be sponsored in the pageant by the Ben Franklin Store in Antioch.

Kathryn Heitkotter, 19, daughter of Mr. and Mrs. Heitkotter, 675 S. Main St., Wauconda. She is a graduate of Carmel High School for Girls and now attends Barat College of the Sacred Heart in Lake Forest. She toured with the "Up With People" group in her senior year of high school. She will be sponsored by the First National Bank of Antioch.

Applications for contestants will be taken until July 20th, or until fifteen applicants are accepted.

Any girl between the ages of 17 and 24 who is interested in becoming a contestant in the Miss Lake Region Pageant should contact Ron Foresman at 395-0369.

He can explain the pageant more thoroughly and get an application blank to you.

The Miss Lake Region Pageant covers the complete Lake Villa, Fox Lake and Antioch area.

**Elmer Hunter Dies**

(Continued from page one) preceded him in death on June 6, 1969.

He is survived by four daughters, Mrs. Mabel Lou (Arnold) Weber, Antioch, Mrs. Jane (Kennedy B.) Heuer, of Fullerton, Calif., Mrs. June (Errol) Clark, of Germany, and Mrs. Charlotte (Eldon) Schulz, of Powers Lake, Wis., one sister, Mrs. Edna Hollendorf, of Bristol, 14 grandchildren and one great-grandchild.

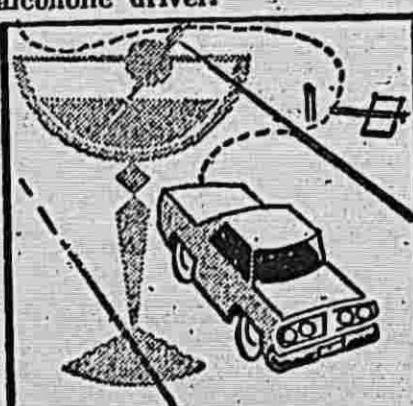

Services were held at 11 a.m. Saturday at the Antioch Methodist Church with the Rev. Donald Cobb officiating.

Memorials may be given to Sequoia Masonic Lodge in memory of Mr. Hunter.

**DRIVING FOR TRAFFIC SAFETY**by Paul Powell  
Secretary of State

With summer here and fine driving conditions at hand, the motorist must double his vigilance for the guy who has decided to cash aside one of the basic rules of the road . . . the guy who insists upon mixing driving with drinking!

Thousands of fatal accidents are caused every year by the menace of the drunken driver. There are also far more non-fatal accidents where injuries and property damage are involved that are caused by an alcoholic driver.

Summer weather brings more motorists to the road bent on summer relaxation. Among them are those drivers who will allow themselves to over-indulge and then take to the highways. Even high court fines and imprisonment do not seem to deter those who are intent upon drinking and driving.

If you are out for that summer fish fry, or outdoor barbecue and the party spirit moves you, remember, don't drink and drive.

For your copy of "Rules of the Road", write to Paul Powell, Secretary of State, Springfield, Illinois 62706.

**Libertyville Township Books Probed**

Michael J. Howlett, state Auditor of Public Accounts, has referred to the state's attorney of Lake County, Illinois, an audit report of failure to account properly for public moneys of Libertyville Township.

The report, prepared by Rose and Christensen, Certified Public Accountants, of Waukegan, charged poor record keeping. It mentioned that some township records had been found in the County dump, damaged by the weather.

During a 16 month period from January 1, 1968, according to the auditors, no currency was deposited in the General Assistance Fund, although persons who had made payments to the fund gave sworn statements that a considerable amount of currency had been paid.

A reconstruction of deposits made during the 16 months indicated the money paid had never been deposited, even in check form, throughout the period, the accountants said.

"I note with deep misgivings,"

said Howlett, "that the certified public accountants are unable to express an opinion on the financial statements of any of the funds of Libertyville Township."

Howlett called the state's attorney's attention to Illinois statutes which require the Township Board of Auditors to examine the accounts of township officers and

**YQOP Hears Campus Unrest Cause**

The root causes of unrest among the nation's young people was the topic discussed in depth at the platform hearings on Monday and Tuesday, July 7th and 8th, at the biennial national convention of the Young Republican National Federation held in Chicago July 7-11, at the Conrad Hilton Hotel.

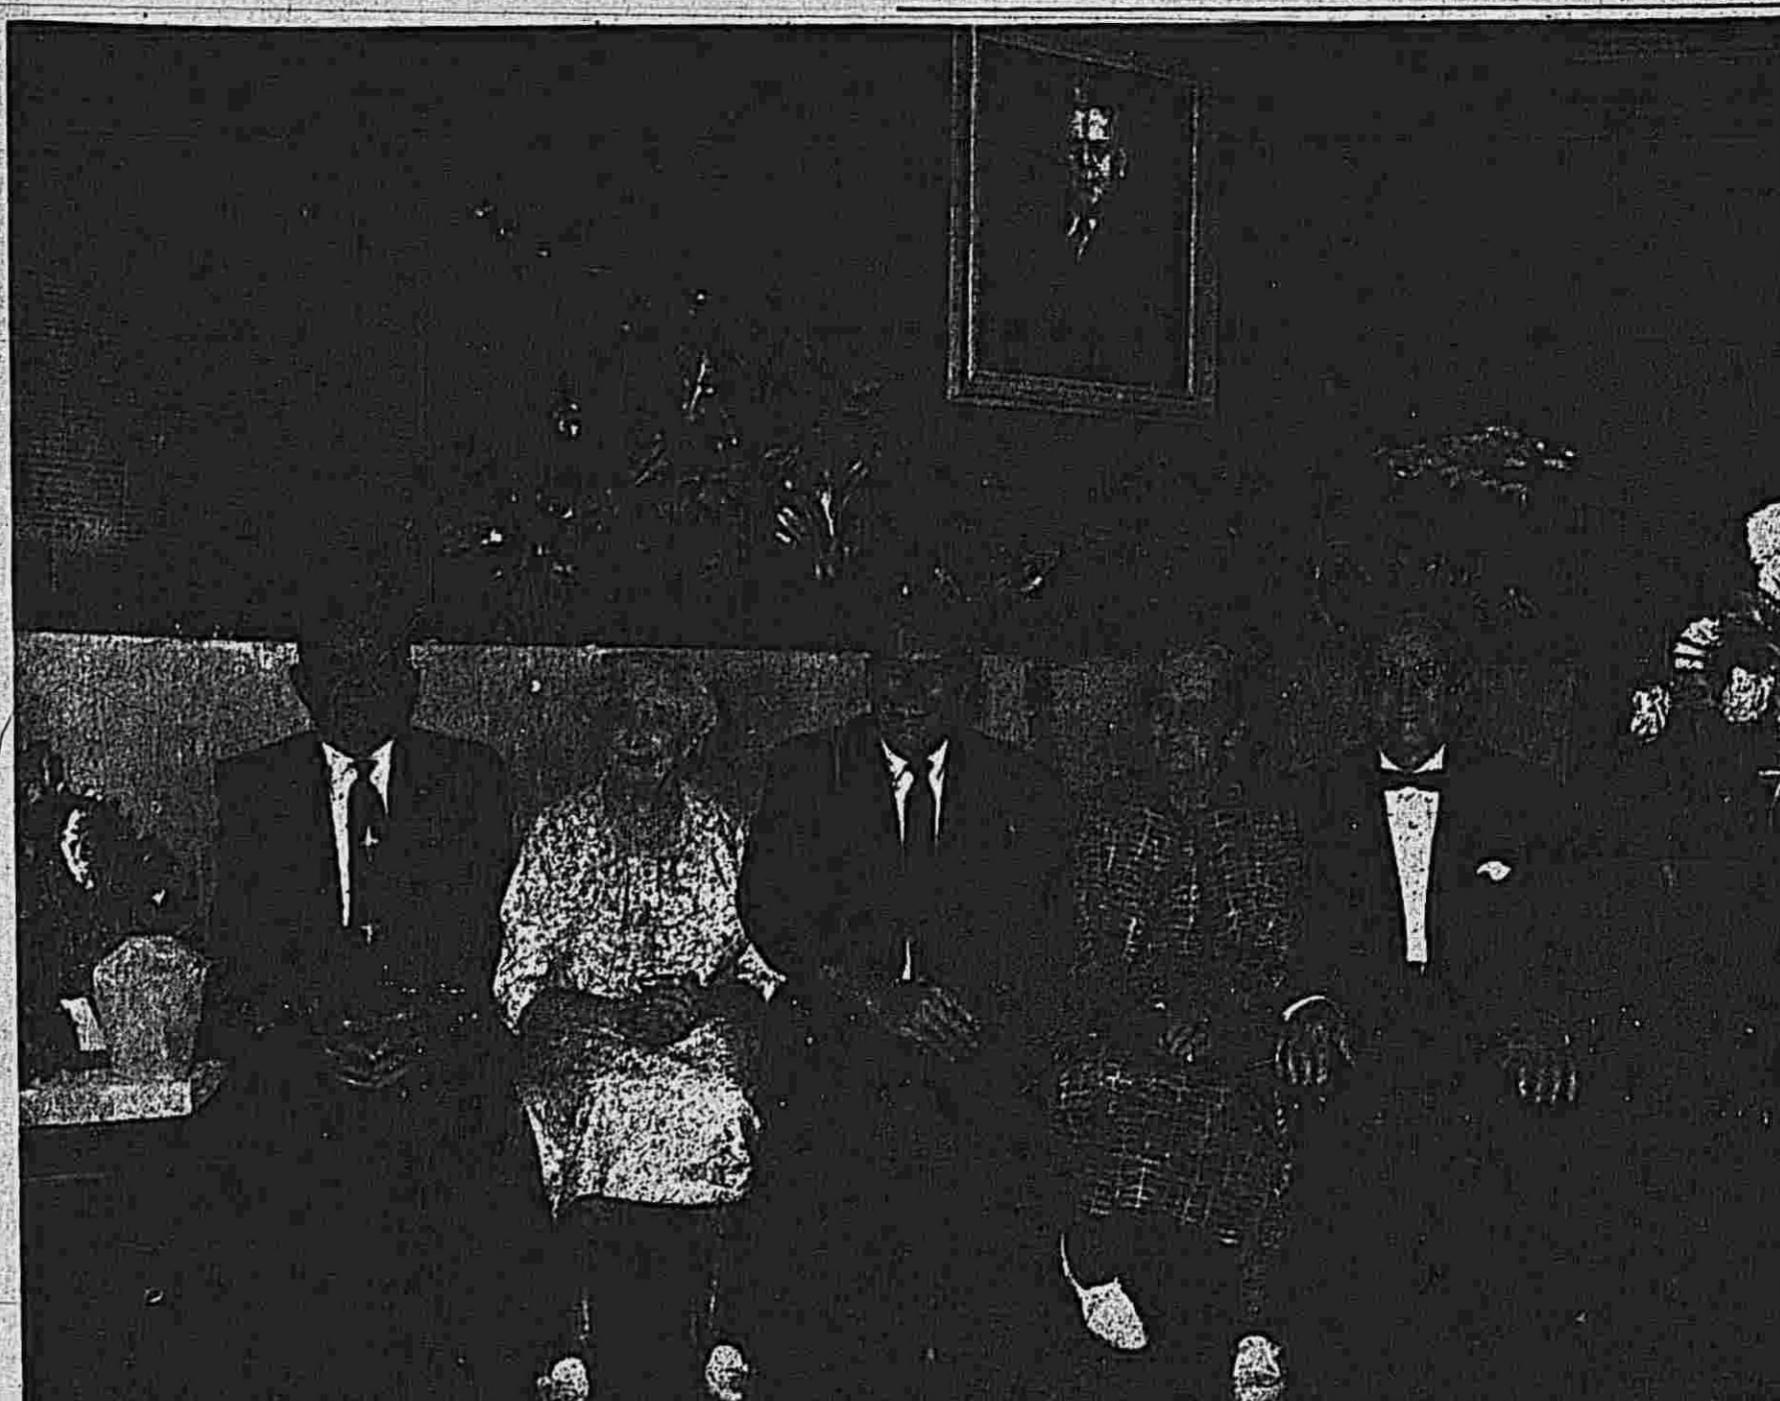

Congressman William E. Brock of Tennessee, who led recent college tours by 22 GOP legislators, presented conclusions gained by talking with students on more than 50 campuses.

Members of Congress, Governors and educators, including Dr. Miller Upton, President of Beloit College in Wisconsin, discussed the loss of identity among the nation's youth, the draft, and 18-year-old voting. Dr. Joel Fisher, Assistant to the Deputy Counsel to the President, will present the case for a youth ombudsman.

see that they are in proper order. "Certain township officials in the County of Lake are not performing their statutory duties and obligations in the area of record keeping and accounting of public moneys," Howlett wrote to the state's attorney.

"I have no alternative but to transmit the audit report to you for public disposition."

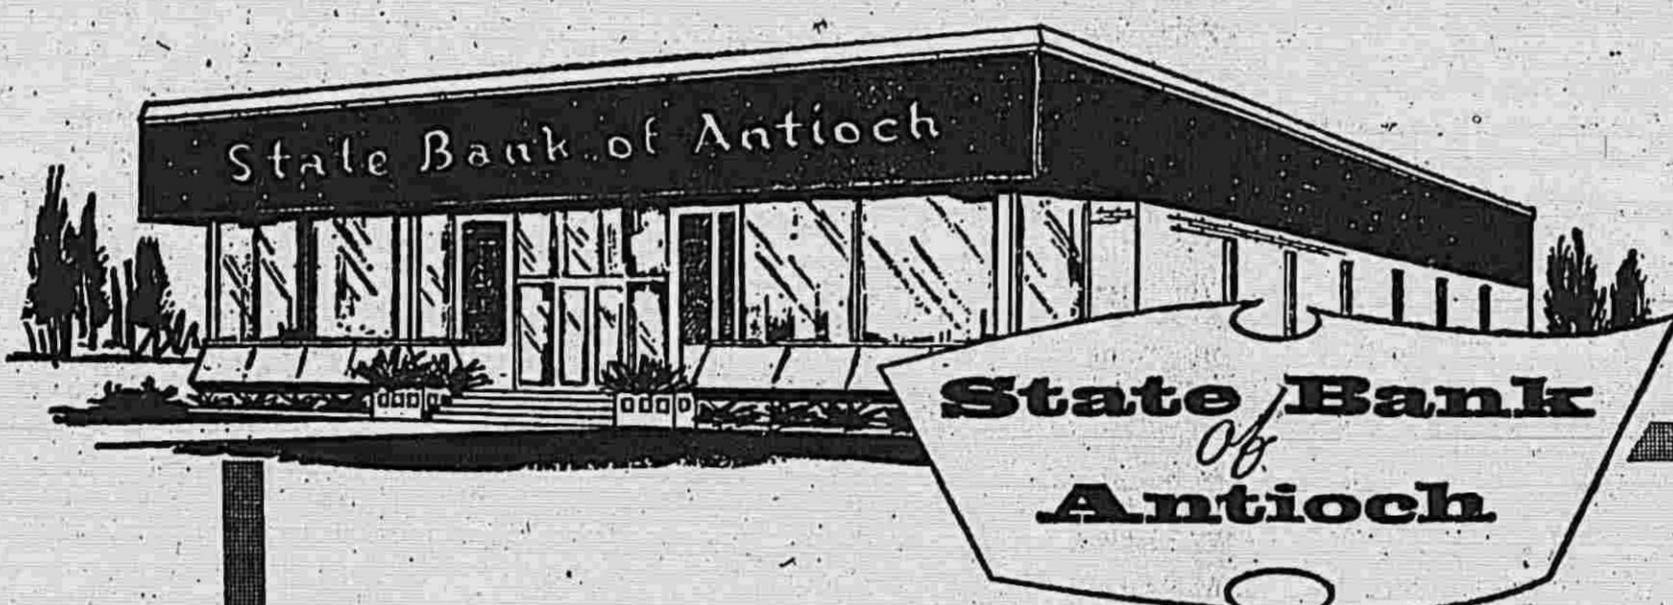

The audit report was prepared for the new Supervisor of Libertyville Township, F. T. Graham. Under Illinois law a copy of it was submitted to the State Auditor's office.

These are the customers that have been banking with the State Bank of Antioch for the greatest number of years. All received a \$25 savings account. They are, from left, Earl Horton, Antioch, since 1908; Clara West-

lake, Antioch, since 1910; William E. Brook, president of the bank; Gussie G. Hughes, Antioch, since 1907; and Axel C. Bohleen, Kenosha, since 1916.

THURSDAY, JULY 10, 1969 THE ANTIQUA NEWS

Mr. and Mrs. Daniel Matteoni

## Linda Nelson Bride Of Daniel Matteoni

Linda Nelson became the bride of Daniel Matteoni on June 21 in afternoon double-ring ceremonies in St. Peter's Church, Antioch, where the Rev. A. J. Henderson officiated.

Miss Nelson is the daughter of Mr. and Mrs. Wallace Nelson of Antioch, and Mr. Matteoni is the son of Mr. and Mrs. Peter Matteoni of Antioch.

The bride chose a gown of chantilly lace cage over a taffeta shimmer, a full lace chapel train fell from the shoulders, and the entire gown was accented by appliques of sequins. Her waterfall veil was held by a jeweled camelot ring accented with an organza bow at the back.

She carried a cascade bouquet of carnations, stephanotis and orchids.

Matron of honor for the wedding was Jackie Vos, sister of the bride, and best man was Lee Loecher. Bridesmaids were

### A.F.S. Meeting Is Scheduled July 15

Interested persons are encouraged to attend an American Field Service meeting at the Antioch High School on Tuesday, July 15, at 7:30 p.m.

Plans will be made to welcome Pratchaya Rokcharachareon (Jeed) from Petainluok Provin, Thailand, who will arrive in Antioch the beginning of August.

Antioch's A.F.S. host family "Murph", Shirley, Linda and Jack Toepper have been corresponding with the young man who is soon to become a member of their household.

The Toeppers report that "Jeed" writes a very warm, friendly letter and he can hardly wait to come to Antioch.

### By Lillian Birdsell

Thousands of Moose members were at Mooseheart on Sunday, June 29, for the opening session of the 81st Annual International Convention. This was the day when the Collegians of the Women of the Moose and the Pilgrims of the Loyal Order of Moose received their degrees. Many of the members who have never been at Mooseheart before, spent their morning by taking the bus that toured them around the Mooseheart campus while others attended the Sunday services of their choice at the House of God.

During the afternoon, the picnic grounds were filled with members who were served a beef roast dinner. The day turned out to be perfect with the sunshine and warm weather which in the early morning had overcast skies and rain. Supreme governor Cecil D. Webster presided at the grand opening session which started at 2:30 p.m. at the Mooseheart stadium.

All other sessions were held at the Conrad Hilton Hotel in Chicago starting on Monday morning with the welcome speech given by Richard J. Daley, Mayor of Chicago. Panel discussions of all phases of Moose were conducted during the four day period. Attending the sessions from Antioch was Past Governor Scotty Birdsell who also was present for the 25 clubbers dinner hosted by the membership department of enrollment held in the International Ballroom on Tuesday evening, July 1. Seated at the table with him were members from Fort Wayne, Ind., Hammond, Ind., Lancaster, Colo., Windsor, Ill., Winkler, Pa., and Lincoln, Neb. Entertainment followed the dinner featuring the College Capers, One Man "Spike Jones", Hawaiian Fantasy, Trampoline Fantabatics and a Comedian Extraordinary.

Governor Jerry Kusch of the Antioch Moose has planned a very entertaining evening for all members who attend on Saturday, July 12. Music for dancing will be featured by the Eddie Burke's Band who are noted for their various "all type music." Anything you like, they play. Special entertainment is also planned. Plan to attend.

Two visitors at the school for the deaf had quite a time trying to communicate. It was not until they were about to leave they found out the other was deaf.

## Where The Boys Are

USS CLAUDE V. RICKETTS, June 23—Electronics Technician Second Class Thomas W. Solar, USN, son of Dr. and Mrs. Charles Solar of Rte. 2, Antioch, Ill., is serving aboard the guided missile destroyer USS Claude V. Ricketts with the U.S. Sixth Fleet in the Mediterranean.

The ship has just completed two months of anti-submarine warfare training in the North Atlantic. During this training the Ricketts joined with ships from eleven other North Atlantic Treaty Organization (NATO) countries in a naval review at Portsmouth, England honoring NATO's 20th anniversary.

Ricketts has two of the U.S. Navy's most modern systems, the Tartar Anti-Aircraft Missile System and the ASROC (Anti-Submarine Rocket) System. Ricketts will provide both anti-submarine and anti-air support to the attack carrier striking forces in the Mediterranean.

\*\*\*

USS Enterprise, July 2—Aviation Electronics Technician Third Class Norman L. Van Rooyen, USN, son of Mrs. Ida M. Wysogiad of 163 Fifth Ave., Route 5, Antioch, Ill., returned to Alameda, Calif., aboard the nuclear powered aircraft carrier USS Enterprise.

The carrier returned to its homeport after her fourth combat tour in Vietnam. She is scheduled to leave shortly for the Newport News Shipbuilding and Drydock Company, in Virginia, for an extensive overhaul.

White off the coast of Vietnam she helped provide air support for U.S. and Allied ground forces.

\*\*\*

USS ENTERPRISE, July 2—Aviation Ordnanceman Third Class Robert L. McKeand, Jr., USN, of Route 1, Salem, Wis., returned to Alameda, Calif., aboard the nuclear powered aircraft carrier USS Enterprise.

The carrier returned to its homeport after her fourth combat tour in Vietnam. She is scheduled to leave shortly for the Newport News Shipbuilding and Drydock Company, in Virginia, for an extensive overhaul.

Marge Pahlke and Bonnie Krawski and ushers included John Matteoni, Pete Matteoni, George Pahlke and Roman Vos, Jr.

The bridesmaids wore simulated sheath gowns with full drapé back and sleeveless with an empire waist accented with a velvet ribbon. The maid of honor wore peach and the bridesmaids Nile green. Jet veils were held by matching loop clusters.

Marge Matteoni was the flower girl for the ceremony and Roman Bernard Vos III was ring bearer.

Special music was supplied by organist Mrs. Pachay and soloist Mr. Smouse.

A reception for 200 was held at the Village Inn in Twin Lakes, Wis., following the ceremonies.

Miss Nelson is a graduate of Antioch High School as is the groom.

Sgt. Tim Hucker of the 8th Division Airmobile has served his term in the service and is now out.

Tim is the son of Edwin Hucker of Antioch. He and his wife, Vicki, have left for Pennsylvania to make their home.

way, received their College of Regents degree in the Field House at Mooseheart. At 12 o'clock noon the Pilgrim degree was conferred to Loyal Order members in the House of God.

During the afternoon, the picnic grounds were filled with members who were served a beef roast dinner. The day turned out to be perfect with the sunshine and warm weather which in the early morning had overcast skies and rain. Supreme governor Cecil D. Webster presided at the grand opening session which started at 2:30 p.m. at the Mooseheart stadium.

## Kingdom Hall Center For Religion

A Kingdom Hall is the center for the religious educational program of Jehovah's Witnesses in any given area. The Kingdom Hall for the Antioch area is located on East Solon Road, Richmond.

Have you ever wondered what goes on in a Kingdom Hall and how it does serve a good purpose in your community?

A Kingdom Hall is their "church" building in which Jehovah's Witnesses hold the majority of their religious meetings. Many of these meeting places are rented by the Witnesses for this purpose but increasingly throughout the world they are building their own. Although attractive and suitable to the surroundings, the Kingdom Halls are yet simple and functional.

Sometimes a building or theatre is purchased and renovated to serve as a Kingdom Hall of Jehovah's Witnesses. More frequently, a new building is erected, and in most cases, the Witnesses themselves participate in the building, renovating and maintenance of their meeting places.

Jehovah's Witnesses have a busy schedule of religious meetings at their Kingdom Hall.

On Sunday, in each congregation there is a one hour discourse on a Bible subject presented by a qualified speaker. In the Spring Grove-Antioch congregation, this public discourse is held at 9:30 a.m. A wide variety of subjects comes under consideration at this meeting such as marital problems, today's youth and Christian morals. Other topics appropriate

#### JUST ARRIVED?

We've no red carpet to roll out; no brass band to serenade you. But we can help you with names and locations of schools, lists of community facilities, shopping information and all the other things you'll want to know about your new home town. A Welcome Wagon hostess will visit your convenience to provide all this and gifts as well. It's all yours—free—for a telephone call to Welcome Wagon at

Welcome Wagon

to your community are discussed. The public discourse is followed at 10:30 a.m. each Sunday by a congregational study of God's word the Bible. The Watchtower magazine is used as a study guide and provides the theme for each week's study. The one-hour lesson is conducted by question-and-answer method. Everyone in the congregation, including children, has an opportunity to contribute individual answers.

In addition, each congregation of Jehovah's Witnesses provides a "Theocratic Ministry school." This is held on Thursday at 7:30 p.m. This is a continuous training school for men, women, and children. All the Witnesses, including children, are helped to develop talks on various Bible subjects. There are special text books and a well-planned program of activity. Students also give short talks to the group, and a qualified counselor offers helpful suggestions for improvement.

Following the Theocratic ministry school, at 8:25 p.m., is their "Service Meeting" where instruction is given on effective ways of presenting their Christian messages. This is a one hour period in which they also discuss up-to-date instruction in teaching techniques.

Each congregation of Jehovah's Witnesses is divided into study groups of approximately 10 persons. Individual groups meet in homes at convenient locations one evening each week for a Bible study. This is a one hour group study, using the Bible study aids published by the Watchtower Bible and Tract Society of New York, Inc. The Bible study groups meet on Tuesday. One group meets at the Kingdom Hall while the others meet at various individual homes.

Of course, it costs money to keep up a Kingdom Hall. Therefore, all those associated with the congregation have the privilege of contributing financially to its maintenance. There is never any solicitation of funds, nor is a collection ever taken up. A contribution box is provided in each Kingdom Hall so that each one can contribute as he is able, "not under compulsion" but "just as he has resolved in his heart." —2 Cor. 9:7, 8:12.

Jehovah's Witnesses do not have a clergy and laity division or distinction in their congregation. All members of the congregation, upon being baptized at an age of consent, are ministers.

The presiding minister of the Spring Grove-Antioch congregation is Mr. David Mitchell, 113 Oakwood Drive, Antioch.

White Sox Park will become a giant "Kingdom Hall" July 21-27 when 45,000 of Jehovah's Witnesses gather for their "Peace on Earth" international assembly.

N. H. Knorr, president of the Watchtower Bible and Tract Society of Brooklyn, New York, will deliver the highlight address, "The Approaching Peace of a Thousand Years," Sunday, July 27, 3 p.m.

### Miss Ainsley Brook To Study In Spain

Miss Ainsley Brook, daughter of Mr. and Mrs. William Brook is on a six week trip to Spain. She is one of a group from the World Academy Tour. Sister Mary Aline of Lodi, New Jersey, is in charge of the group.

Ainsley will study Spanish at the University of Madrid. As a finale to the trip the students will visit Barcelona, Paris and London before returning home.

### Miss Boston Wins Honors At College

Kathleen K. Boston, daughter of Mr. and Mrs. Albert Boston, RFD 1, Antioch, has been named to both the Dean's List and Honor Roll at Elmhurst College.

Miss Boston was placed on the honor roll after achieving two semesters of academic excellence.

Her Dean's List placement was

for the 1968 spring semester. Susan L. Sherwood, of 340 W. Grand Ave., Lake Villa, has been placed on the Dean's List at Illinois Wesleyan University, Bloomington.

The placement was for the sec-

ond semester of the 1968-69 school year.

Four area students have been accepted into the Edmund J. James honors program at the University of Illinois at Urbana-Champaign for superior undergraduate students.

They include Heather V. Henry, of RFD 2, Antioch; Deborah L. Larson, of 301 Lake Shore Drive and Gary S. Swanson, RFD 3, both of Lake Villa; and Kelvin G. Keach, of 319 Sunset Ave., Wildwood.

(By Fran Boxley)

The regular monthly meetings are generally held on the first and third Thursday of the month. Due to the Fourth of July, this month's meetings have been changed to the second and fourth Thursdays.

Thursday, July 10

The College of Regents committee will be in charge of this first regular meeting. Three Collegians are to be honored on this night. Special — Collegians and co-workers will be honoring Collegian Lillian Birdsell, who received her cap and gown on June 28. Collegian Lillian will talk about her day at Mooseheart, also she will be Senior Regent for the evening.

Collegian Evelyn Miller, our green tassel girl changes to red! She is to receive her red tassel, in a ceremony on the floor.

Collegian Geraldine Mark, our red tassel, four year college girl receives her stole in a ceremony at this meeting.

New chairmen should wear their formal to make their chairs. This meeting is open and co-workers may invite their family and friends to attend.

Our new officers will be present and refreshments will be served after the meeting.

Everyone should come to see these girls being honored and to congratulate them. They've worked very hard to receive these honors. Let's have a large turn-out and make the evening enjoyable for them.

#### RETURN TO TEXAS

Mr. and Mrs. Al Herman, son James, and daughter, Catherine, returned to their home in Dallas, Texas, after a short visit in Antioch. They came to attend the wedding of Ann Herman and Dennis Driscoll in Madison July 3.

The pinhead when young is called the sardine, and is the object of an important fishery in France, Portugal and Spain.

### Edison Will Move Corporate Offices

Commonwealth Edison Company's corporate offices will be moved into the new First National Bank of Chicago building over the weekend and some 700 employees will take up work at the new location on Monday.

The Edison executive and general offices will be on floors 31 through 30 of the 60-story, all-electric skyscraper. Over 120,000 square feet, more than any other tenant, will be occupied by personnel who will transfer to the bank from the present quarters in the Edison building.

With the move, the new corporate address of Commonwealth Edison Company will become One First National Plaza and the company's general office phone number will be changed to 291-4321 (from Randolph 6-1200).

Simultaneously, phone service

will be switched to a modern Centrex system featuring direct dialing to individual offices and personnel.

In addition to all executive offices, departments moving to the bank building will include sales, advertising, public relations, purchasing, production and some engineering.

About 1,100 employees will continue to work in the Edison building at 72 W. Adams St., where the company's downtown customer service office also will remain.

An analysis by the Automobile Manufacturing Association shows Illinois state highway user revenues have risen from \$239 million in 1958 to \$422 million last year. Included are motor fuel taxes, vehicle registration fees, motor carrier and other miscellaneous user charges.

The study as reported by Henry M. Vanderstek, AMA regional government relations and information representative, shows annual tax receipts from the sale of motor fuel climbing from \$137 million to \$239 million in the 10-year period.

Vanderstek pointed out that Illinois also provides about \$237 million annually to the Federal government in automotive excise taxes.

He said that special motor user taxes now represent 23 per cent of total Illinois state taxes.

### Dependency Compensation Is Increased

The July 1, 1969, increase in the base pay of members of the Armed Forces will mean an automatic increase in dependency and indemnity compensation (DIC) payments to approximately 160,000 recipients of monthly DIC checks, the Veterans Administration announced today.

DIC payments are authorized for widows, unmarried children under 18 (older if attending school or helpless), and certain parents of veterans who died as the result of military service.

Payments equal \$120 a month, plus 12 per cent of the monthly basic pay currently being received by a serviceman whose rank and years of service are the same as those of the deceased veteran.

In addition, the VA said, payment may be increased where there are two or more children, up to \$28 a month for each child in excess of one depending on amounts to which the family may be entitled under certain Social Security and Railroad Retirement provisions.

DIC beneficiaries need not apply to VA for the increased monthly payments since the new rates have already been computed by the Veterans Administration and will be reflected in the checks which VA will send out at the end of July.

### 'Forum' Promises...

(Continued from page one) arise in an attempt to bring them together.

The stellar cast of seventeen come from all over the area. Senex (Smouse, Antioch) is the very confused father of Hero who is desperately attempting to have one last fling.

Domina (Betty Vaughn, Lake Villa) is Senex's dominating wife who attempts to thwart his efforts towards this "last fling." Hero (John D. Horton, Antioch) is Senex's son who falls in love with the courtesan "next door".

Philia (Kris-Anne Fournier, Lake Villa and now reigning Miss Cinderella, U.S.A.) is the heroine of the musical melodrama in love with Hero but the property of Miles.

Hysterium (Bill Sershon, Antioch) is a slave in chief to the household of Senex who is constantly kept on the brink of disaster by the rocky course of true love.

Pseudolus (Don Beveroth, Paddock Lake, Wis.) is the personal slave to Hero and one of the first of the world's great "con" men.

Erronius (Bob Andresen, Kenosha, Wis.) is an old man who spent the last 20 years searching for his children captured in infancy by the pirates.

Miles (Wes Camp, Antioch) is the ultimate in mighty warriors.

Lycurgus (Rich Irmen, Antioch) is a dealer of "fair maidens".

The Courtesans are played by Dee D'Isa, Waukegan, Linnea Sershon, Joan Horton, Avie and Elda Minger, and Gigi Palaske, all of Antioch.

The Proteans (Marty Lusiak, Steve Strang, and Jay Horton, Antioch) are three actors of tremendous versatility, comic nuance and dignity, who play a variety of approximately 30 roles.

Wagtails and pipits are slender, graceful birds famous for their habit of singing while in flight.

### Training Program Instituted

The Illinois Automotive Trade Association, a state-wide organization of franchised new car dealers organized in 1920, has entered into a contract with the United States Department of Labor-Manpower Administration in the amount of \$283,956 to train 250 unemployed disadvantaged individuals.

The association will serve as

the Prime Contractor with dealer members acting in the capacity of sub-contractors to provide the actual on-the-job training.

IATA Executive Vice President

Les Sander will be Project Di-

rector.

The program will be coordinated

out of the association's executive

offices at 616 Ridgely Build-

ing in Springfield.

The training period will be from

26 to 44 weeks depending on the

ability and progress of the

trainee. Prospective trainees are

asked to register with their dis-

trict office of the Illinois State

Employment Service for training

assignment.

In entering into the training

contract with the Manpower Ad-

ministration, Project Director Les

Sander will be Project Di-

rector.

The program will be coordi-

nated out of the association's execu-

tive offices at 616 Ridgely Build-

ing as automotive technicians

in an industry directly in need of

qualified personnel to service an

ever increasing registration of

motor vehicles.

Interested trainees will re-

ceive their training in well

equipped service departments un-

der expert supervision, and will

be well qualified after the train-

ing period to take their place as

self dependent citizens in an ever

expanding industry."

THE ANTIOCH NEWS - 6

Tommy Anderson, of Antioch, was ahead in every lap in the main event at Wilmot.

## New Winners On Fast Wilmot Track

The Kenosha County Fair board bladed a new surface on the Wilmot oval amid IRA President Ray Toff of Antioch spent four hours packing and preparing the fastest track of the year. The results were new winners in nearly every race as point leader Roger Otto barely salvaged a fourth in the 30 lap feature.

Ahead on every lap in the main event was Tommy Anderson of Antioch. Denny McKay of Elgin was the feature event's fastest driver as he came from tenth on the first lap to finish second. The

first five were close on every lap with Ron Bergsma getting by Jr. Dodd on the 29th lap for the final change in the fast, close running. Many fans agreed that it was the best race night of the season.

Bill Schultz of Pittsville flipped end over end four times down the main straightaway on the fourth lap of the second heat. He was taken to Burlington Memorial Hospital where he was treated for bruises and released. Ray Toff, who has viewed most of the racing at Wilmot, said it was by far the most violent flip he had ever seen there. Ken Hanson of Trevor won the restarted event.

Jim Green, in his first time at Wilmot, won the sportsman's feature with Don Fernandez taking the first heat and Green the

second.

Pop Kline, the senior citizen of modified stock car racing, won the first heat race, Claude Potter the second and Reimer the

third.

Paul Cameron of Round Lake

won the semi after fighting off

Potter on the last lap. Potter

spun into the infield on the back-

stretch after a second turn effort

to win.

Sportsman stock car events

were won by Charlie "Fuzzey-

bush" Brown of Lake Geneva,

George Triplet, Fox Lake, and

Chuck Chadwick, Palatine.

Jack Ashenbrenner of Wind

Lake won the feature after start-

ing far back but drove swiftly

and cleanly to the front.

The Ladies Powder Puff races

were the most unusual ever pre-

sented and the action will prob-

ably never be repeated. Gwen

Schill used her husband's modi-

fied against Judy Pulera's late

model and the two squared off in

a real thriller with Gwen getting

the win but Judy really pressed

until the fourth turn when Gwen

just opened the injectors all the

way and tore home the winner by

a half straightaway margin.

The officials have now ruled

that future Ladies Powder Puff

races will be limited strictly to

street type cars.

## Boating Safety Is Urged

Since 1957, National Safe Boat-

ing Week has been proclaimed

annually by the President of the

United States to pay tribute to

those responsible for boating's

enviable safety record and as a

means of reminding the nation's

42 million boating enthusiasts of

the need to keep boating safe.

The theme of the 1969 observance

is "Safety First—The Golden

Rule of Boating."

According to Jerry Klebe, Execu-

tive Director of the Safety

Commission, "there is much that

still needs to be done to make

boating a really safe sport." In

fact, the National Transportation

Safety Board has labeled recreational

boating the nation's "most

serious marine safety problem,"

with capsizing in most often the

cause of fatalities—69.9 per cent

of the nearly 400 fatalities stud-

ied resulted from capsizing or

boaters falling overboard. In

65.8 per cent of the fatal acci-

dents reviewed, lifesaving de-

vices were available, but not

enough!

In 1968, the Coast Guard attribut-

ed roughly 73 per cent or the

1104 boating fatalities in which

the causes were known to oper-

ator fault. Overloading or im-

proper loading was the most com-

mon error, followed by disre-

gard of weather and recklessness.

"In light of these findings by

the foremost leaders in boating

safety," said Klebe, "we are put-

ting special stress on the impor-

tance of operator education,

during the entire boating season."

The nurse shark is a sluggish species that spends much of its time lying quietly at the bottom in the shallow waters of the tropical Atlantic. It is well known in Florida, where it is extensively fished for its' hide.

## Hell Driver Show Set For Friday

Johnny Reimer drove Freddie Nielsen's A3 modified stock car to the 30 lap feature race win at the Kenosha County Speedway Thursday night in the pre-holiday race action that featured sportsmen and ladies in other races.

Fuzzy Fassbender started the race on the pole but even car owner Dan Bantin was confident of a win. His car had engine problems in the heat and Fassbender barely got the win in the third heat.

Bantin's fears were realized in the 28th lap when the car belched sparks and smoke. Even with the guts of the engine hanging from the oil pan, Fassbender kept it going and salvaged second.

Pop Kline, the senior citizen of modified stock car racing, won the first heat race, Claude Potter the second and Reimer the

third.

Paul Cameron of Round Lake

won the semi after fighting off

Potter on the last lap. Potter

spun into the infield on the back-

stretch after a second turn effort

to win.

Sportsman stock car events

were won by Charlie "Fuzzey-

bush" Brown of Lake Geneva,

George Triplet, Fox Lake, and

Chuck Chadwick, Palatine.

Jack Ashenbrenner of Wind

Lake won the feature after start-

ing far back but drove swiftly

and cleanly to the front.

The Ladies Powder Puff races

were the most unusual ever pre-

sented and the action will prob-

ably never be repeated. Gwen

Schill used her husband's modi-

fied against Judy Pulera's late

model and the two squared off in

a real thriller with Gwen getting

the win but Judy really pressed

until the fourth turn when Gwen

just opened the injectors all the

way and tore home the winner by

a half straightaway margin.

The officials have now ruled

that future Ladies Powder Puff

races will be limited strictly to

street type cars.

literally within mere fractions of an inch of running him down.

Bobby Lynch, a native of New York, is featured in the thrilling leap of a 1969 Dodge Pickup Truck 75 feet from rampway to rampway through a hoop of fire.

Producer Dan Fleenor, in addition to being the co-ordinator of the show and setting the pace at a thrill a minute, also consults with factory engineers and designers from time-to-time, on the ways to make Automobiles safer for you, the public. He also must know every ounce of weight, power and maneuverability which his drivers need to insure the utmost in safety for his men.

All of the 24 persons who put on the exciting show play important roles in creating a successful exhibition.

Don't fail to see the "Greatest Show on Wheels" at the Waukegan Speedway, Friday at 8 p.m.

## Racing Driver Killed

The third U.A.R.A. midget auto race program was marred by a fatal accident during the feature race which claimed the life of 27 year old Paul Rademacher of Elwood, Illinois.

Apparently the throttle stuck on the car which crashed into the first turn wall and rolled over.

Rademacher was running second in the seventeenth lap of the race when his car swung high down the homestretch before hitting the wall. No other cars were involved in the accident. He succumbed to his injuries shortly thereafter in St. Theresa Hospital in Waukegan. Rademacher left his wife and three children.

Jim Clemens of Lockport had led the race to that point. On the restart Bill Kollman of Orland Park took the lead and held off a determined challenge from Phil Palombo of Elmhurst. Clemens finished third in the event.

Earlier in the time trial runs, Kollman and Palombo had tied for the fastest qualifying lap with each clocked at :14.58 for the quarter mile. Kollman also won the fourth heat race.

Tom Steiner of Orland Park won the trophy dash while the other heat races were won by Ron Foster of Joliet, Jim Hill of DesPlaines and Tom Moore of Lafayette, Ind. Charlie Cook of McKenna won the semi-feature event.

The hobby stock events had three different winners. The qualifying heat races were won by Larry Brown of North Chicago and Dennis Henningham of the Great Lakes. In the feature event Joe Kristan of Waukegan led in the early laps but Bob Klemm of Gurnee took over with seven laps to go and claimed his first feature race of the year. Don Leicht of Zion wound up second with George Shelton taking third money.

The midgets will return to the Speedway in two weeks, on Friday night, July 18.

## Backseat Driver Can Be An Asset

The so-called backseat driver can be an aid to good, safe driving, says the Chicago Motor Club AAA, which offers these suggestions on how to be a helpful automobile passenger.

Let the driver concentrate on the road and the car.

Be a co-driver by devoting your attention to the maps, the radio, the children and other helpful chores. If a driver tries to do too many things at once there may be an accident.

Never startle the driver. Don't shout to call his attention to a roadside attraction. His involuntary reflexes may snap his head around at your bidding and cause an accident.

Don't bother the driver by continually pointing out hazards, signs and driving conditions that are obvious to him.

Know your intended route so

you can follow maps and be responsible for navigation.

Don't sleep. Keep the driver company. Otherwise, he may doze to disaster.

Talk with the driver. But don't nag, shout or anger him. Emotion has an important part in driving attitudes.

Don't take driving for granted. It's a fulltime job for one person. If you think of yourself as a co-driver, you will make motoring easier, more pleasurable and help to "Bring 'Em Back Alive."

DIRECT DISTANCE DIALING

Ninety-one per cent of the nation's 100 million telephones are tied into what the Bell System calls the world's largest computer—the Direct Distance Dialing network. The DDD network lets a telephone user dial his own long distance calls without the assistance of an operator.

## Food Stamp Program Still High

Nearly 180,000 persons in all 102 Illinois counties received food assistance through the U.S. Department of Agriculture's Food Stamp Program during May, according to Dennis M. Doyle, Midwest district director of Consumer Food Programs.

The total included 161,037 on public aid and 18,758 other low-income persons.

During May, Illinois participants received about \$3.6 million worth of food coupons of which around \$900,000 were bonus coupons. This was a bonus average of \$5.42 per person.

In 546 Midwest projects, around 800,000 persons were in the program during May. Total value of coupons was nearly \$15.6 million of which 32 per cent was in bonus coupons. The district bonus average was \$6.14 per person.

By participating in the Food Stamp Program, low-income families can buy more food by exchanging the amount of money they normally spend on food for coupons worth more than they paid.

Recipients spend coupons just like cash, at authorized retail food stores, for any domestic food. They cannot purchase items like household cleansers, tobacco or liquor with the coupons.

Doyle urges families not getting enough food to look into the program by contacting the local welfare office.

## Bradley Applauds GI Bill

The nation's only living five-star general—Omar Bradley—today applauded the G.I. Bill and what it has meant over the past quarter of a century to millions of Americans.

"The World War II G.I. Bill was an investment in human beings," he said in a statement released in observance of the G.I. Bill's 25th anniversary.

"It has paid unparalleled dividends just as the current G.I. Bill is already doing for our young veterans of today."

The famed World War II general, who battled shoulder to shoulder with his fighting men who were to return to the classroom as civilians under provisions of the first G.I. bill, was named Administrator of Veterans Affairs by President Truman at the close of the war.

Recalling those early days of this new concept in educational and vocational training assistance, General Bradley recalled he "was able to observe the splendid effect of the G.I. Bill of Rights," while he served as Administrator of Veterans Affairs.

"In the G.I. Bill," General Bradley said, "Congress offered the veterans a valuable stake in themselves: They took heart in the knowledge that the nation stood ready to back their civilian chances in making good. Veterans wanted only the fair chance to become self-supporting, self-

sufficient, self-respecting American citizens."

The five-star general singled out the funds appropriated by Congress to teach returning veterans new skills, broaden their education and increase their life earnings.

"In voting to guarantee G.I. benefits, we agreed to sign a note on their ability to work and their promise to pay," the general said. "We offered them ownership in the nation and took as security their war-time performance and, in effect, credited veterans with cash in the bank."

"The G.I. Bill... provided a uniquely new and different investment in the proven capabilities of our young men and women. It gave them the freedom to find their own security as confidently as they had once sought security for the nation."

In conclusion, General Bradley declared that "the G.I. Bills give our democratic way of life great strength and vitality. Today, as was true 25 years ago, it is on America's fighting men that this nation must depend. Their service honors us all, and today on this Silver Anniversary of the G.I. Bill, I salute them all."

## Blood Donor Age Hiked

Americans in good health can be blood donors now until their 60th birthday instead of the 60th or 61st as in the past.

### IT "REMEMBERS"

The old adage "practice makes perfect" applies to computers as well as to schoolboys. A college student from the Polytechnic Institute of Brooklyn who worked during the summer at Bell Telephone Laboratories found that the more he taught a computer, the harder it became to outsmart the machine. Experimenting with a tie-tac-toe type of game pitting the computer against his own skill, the student consistently won the early games of a series. But soon the computer, programmed to "remember" its past mistakes, became unbeatable.

A joint announcement of this liberalization of medical standards for blood was made by the American National Red Cross in Washington, D.C., and by the American Association of Blood Banks of Chicago.

The two organizations collect and process 90 per cent of the more than 6,500,000 units (pints) of blood used annually for surgery and therapy in United States hospitals.

Dr. Tibor J. Greenwalt, medical director of the American National Red Cross blood program, emphasized that any healthy person can give a unit of blood without worry. He said, "we have many donors who have given 11, 12, and even 13 gallons of blood without incident. Most of these are eager and able to continue giving. The change will permit them to do so except in jurisdictions where it is contrary to local regulations."

Dr. Aaron Josephson, director of the blood assurance program for Red Cross in the Chicago area, said, "there are no regulations in the Chicago metropolitan area that would prevent healthy persons up to the age of 66 from donating blood."

Donors between 18 and 21 in Illinois may give blood without parental consent, but Illinois males between 18 and 21 must have parental consent, unless they are a member of the armed forces or self-supporting and living away from home.

Females between 18 and 21 in Illinois may give blood without parental consent, but Illinois males between 18 and 21 must have parental consent, unless they are a member of the armed forces or self-supporting and living away from home.

Both organizations have blood clearing houses, permitting blood given locally to be credited to patients in other cities, and areas with surplus blood to aid those where it is short. Exchanges between the two clearing house systems are made possible under a joint interorganizational agreement signed between the American Red Cross and the American Association of Blood Banks.

Services were held Monday for John C. Wagner, 66, former Antioch resident who died in Venice, Fla. He was employed as a district construction supervisor for 39 years by Illinois Bell Telephone Co., in the Waukegan office.

Mr. Wagner is survived by his wife, H. Blanche, a son, Richard C., a daughter, Constance Hartmann, two brothers, twin brothers, Frank and Edward, and 9 grandchildren.

Mr. Wagner was a member of the Telephone Pioneers and the Villa Park Masonic Lodge. Burial was in Mount Emblem Cemetery, Elmhurst.

Mrs. Wagner is staying at the home of her daughter in Elmhurst and will return to her home in Venice in a few weeks.

## COMING EVENTS

- Friday, July 11**  
American Legion Baseball, Lake Region at Antioch.  
**Sunday, July 13**  
Circus sponsored by Antioch Chamber of Commerce, 2 performances, 2 p.m. and 5:30 p.m.  
**Wednesday, July 16**  
Lakeside Rebecca Past Nobel Grands Night, American Legion Hall, 8 p.m.  
**Thursday, July 17**  
Lakeside Rebecca Annual Luncheon and Card Party, American Legion Hall, 12:30 p.m.  
**Saturday, July 19**  
Antioch Little League Pancake Breakfast, 7 a.m. to 1:30 p.m., Antioch Methodist Church, Main St.  
**Wednesday, August 6**  
Antioch Chamber of Commerce Baseball Night — White Sox at Milwaukee.  
**Sunday, September 17**  
Rescue Squad Golf Outing

## Trends of Today

by J. Smith

APPLE SCAB COSTS GROWERS \$9 MILLION EACH YEAR IN DAMAGED FRUIT. IT CAN STRIKE ANYWHERE AT ANY TIME, BUT IS MOST PREVALENT IN WET SPRING WEATHER.

ALERT PRODUCERS MAINTAIN AN ANNUAL SEASON-LONG SCAB CONTROL PROGRAM IN THEIR ORCHARDS. THEY START WITH A COMBINATION SPRAY OF CYPREX AND OIL DURING THE DELAYED DORMANT PERIOD, THEN CONTINUE TO APPLY EFFECTIVE LOW RATES OF CYPREX FRUIT FUNGICIDE WITH GROUND OR AERIAL SPRAY EQUIPMENT AT 5 TO 7 DAY INTERVALS THROUGHOUT THE GROWING SEASON.

AS A RESULT, THEY CONSISTENTLY HARVEST A TOP-QUALITY HIGH-FINISH CROP THAT COMMANDS PREMIUM PRICES.

**NEW LOW MINIMUM DEPOSIT OF \$1,000.00 On Our Golden Book Account**

**ANTIOCH SAVINGS PAYS & COMPOUNDS EARNINGS ON ALL TYPES of SAVINGS ACCOUNTS**

**4 TIMES  
YEARLY**

Choose from one of the several Savings Accounts described below and watch your funds grow at the highest return permitted under current Federal Regulations.

### GOLDEN BOOK ACCOUNT

This NEW low minimum account allows more savers to share the high earnings at Antioch Savings. Golden Book Accounts are issued for a minimum of \$1,000 (with \$500 multiples thereafter) and are issued for periods of six months or one year. Checks may be mailed to you each quarter at our high 5% per annum... or added to the balance and compounded quarterly.

All accounts including certificates require NO prior notice for withdrawal.

We know you will find one of the above account plans the right one for you. All certificate accounts are automatically renewable and all present certificates will remain unchanged at terms of the original contract unless changed by the holder at time of maturity.

If you should wish additional information, please don't hesitate to stop in our office or give us a call, as we will be happy to discuss the plans with you.

### SILVER BOOK INVESTMENT ACCOUNT

This NEW account is issued for a minimum of \$9,000.00 (with \$1,000.00 multiples thereafter) for periods of six months or one year, and pays the saver the highest rate authorized for savings and loan associations or banks. As with the Golden Book Account, you may either receive a check from us four times a year at the HIGHEST RATE of 5 1/4% per annum... or ask that we add the earnings to your account to compound on a quarterly basis, which will give you a yield of 5.35% in one year.

### PASSBOOK SAVINGS ACCOUNT

This is the account that is the most familiar to our savers... and is still the most flexible and useful account for the typical family. Funds may be added or withdrawn at any time in any amount. Earnings will now be compounded quarterly, at 4 3/4% per annum, and will yield 4.83% in one year.

TOTAL ASSETS NOW IN EXCESS OF

**\$16,000,000**

**Antioch  
Savings**

## FUNERAL NOTICES

### JOHN C. WAGNER

Services were held Monday for John C. Wagner, 66, former Antioch resident who died in Venice, Fla. He was employed as a district construction supervisor for 39 years by Illinois Bell Telephone Co., in the Waukegan office.

Mr. Wagner is survived by his wife, H. Blanche, a son, Richard C., a daughter, Constance Hartmann, two brothers, twin brothers, Frank and Edward, and 9 grandchildren.

Mr. Wagner was a member of the Telephone Pioneers and the Villa Park Masonic Lodge.

Burial was in Mount Emblem Cemetery, Elmhurst.

Mrs. Wagner is staying at the home of her daughter in Elmhurst and will return to her home in Venice in a few weeks.

## County Gives \$900,000 For Road Work

An appropriation for \$900,000 as the county's share of road work near the proposed Lakehurst Shopping Center was approved by the Board of Supervisors at the annual June meeting last week.

Highway Superintendent M. E. Amstutz said the major portion of the appropriation had to do with an earlier commitment to the State and was not directly related to the multi-million dollar shopping center to be built near the intersection of Routes 120 and 43.

In other action, the Board deferred until the July 8th meeting any discussion on zoning matters.

In the opinion of the U.S. attorney for the Northern District of California, campus violence should be reduced if universities will use the disciplinary tools they have at hand—ranging from reprimand to suspension and expulsion.

However, he said there have been many conferences with the State, the Lakehurst developers, American Hospital Supply Corporation, and the County highway department concerning traffic flow and road work in the general vicinity. American Hospital is currently building a new plant just south of the shopping center site on Route 43 which will ultimately employ about 7,000 people.

Amstutz told Board members he wanted the commitment so the county would not be caught in a State Division of Highways priority list. He said it was imperative to set the project in motion before the end of the current legislative session in Springfield.

During the session, County Board Chairman Robert W. Deppke stepped aside to speak as supervisor from Warren Township. He said he was not pleased with the State's plans for the interchange at 120 and 43. Amstutz explained that final details have not been completed. The superintendent told supervisors he regretted coming to them in a rush to ask approval of the ap-

## Pipeline Firm Is Seeking Rate Increase

Natural Gas Pipeline Company of America, the largest supplier of gas to Northern Illinois Gas Company, has asked the Federal Power Commission for permission to increase its rates.

In a filing made on May 29, Natural Gas Pipeline asked for price hikes amounting to \$44 million annually. Howard E. Ford, NI-Gas vice president-administration, said that if the supplier's full increase is approved, NI-Gas' costs would rise by more than \$14 million a year. A purchased gas adjustment clause on file with the Illinois Commerce Commission permits such pipeline gas cost increases to be passed along to NI-Gas' customers.

Ford said the maximum increase for a typical NI-Gas home heating customer would be about \$50 a year. However, because of the numerous rate cuts made by NI-Gas in recent years, the cost of gas to such a customer would still be \$15 per year lower than it was in 1961.

The rate increase, which might become effective December 1, is being sought by Natural Gas Pipeline Company because of sharply higher money costs and the need to finance expansion of facilities to provide additional supplies of gas, and because of rising wages and other costs.

The tarpon has become a famous game fish on account of its fighting qualities and leaping powers. Since its flesh is coarse and bitter, it is seldom eaten.

## Convention Delegates Back Home

Mrs. Virginia Haass, president of the North Lakes Division of Illinois Education Association and Walter Soderman, chairman of the division, were part of the delegation of over 450 Illinois delegates to the National Education Association convention held June 29 through July 6 at Philadelphia.

One of the highlights of the convention was the action taken by the delegates to send a telegram to President Nixon stating that the association stood behind the September date for all de-segregation to take place.

Miss America, Judy Ford of Belvidere, attended the convention at the invitation of the Illinois delegation.

The program and resolution of the national association were acted upon and Mrs. Helen Bain, a Memphis school teacher was elected president-elect for 1969.

The rate increase, which might become effective December 1, is being sought by Natural Gas Pipeline Company because of sharply higher money costs and the need to finance expansion of facilities to provide additional supplies of gas, and because of rising wages and other costs.

The tarpon has become a famous game fish on account of its fighting qualities and leaping powers. Since its flesh is coarse and bitter, it is seldom eaten.

Applicants for the tests must be submitted to the JAC prior to Aug. 1, according to DiPietro.

Apprentice applications may be obtained from JAC Secretary Edward Murphy, 1260 Ridgewood Dr., Highland Park; Ron Short, Secretary-Treasurer, Local 93, 2751 Washington St., Waukegan, by calling the Plumbing & Heating Contractors Assn. 336-3303, or from any member of the Contractors Assn.

Applicants to be plumbing apprentices must be between the ages of 18 and 25, citizens of the United States, and high school

## Dalrymen Press For Support

The National Milk Producers Federation, which includes 10,800 members of Pure Milk Association among its several hundred thousand dairy farmer members, has again requested Secretary of Agriculture Clifford Hardin to increase the price support level on manufacturing milk to 90 per cent of parity.

This would raise the dairy support price to \$4.67 per hundred weight of average test milk, based on the parity calculation for April 29. The present support level for milk used for manufacturing purposes is \$4.28 per hundred weight.

"The \$4.28 dairy support level for milk of average test was 90 per cent of parity when established on April 1, 1968, but due to the increased costs of producing milk on the farm it is now only 82.5 per cent of parity," Patrick Healy, secretary of the National Milk Producers Federation, stated in a letter received last week by Secretary Hardin.

The increase to 90 per cent of parity is needed to assure adequate supplies of milk for the nation's growing population, Healy declared.

Figures just released by the U.S. Department of Agriculture show that the nation's April milk production was two per cent less than a year earlier and the smallest milk output since 1952, he stressed.

In support of the Federation's request, A. L. McWilliams, general manager of Pure Milk Association, emphasized today that until the dairy price support price is restored to 90 per cent of parity dairy farmers are being deprived of roughly 30 cents per hundred pounds of milk used for manufacturing purposes.

McWilliams said the secretary of agriculture should not wait for a short-supply crisis to develop to bring about better prices for dairy farmers.

Applicants to be plumbing apprentices must be between the ages of 18 and 25, citizens of the United States, and high school

graduates.

A five year apprenticeship is served in the plumbing industry

with four years of classroom

work included in the training and education program. Annual wage increases are granted at the expiration of each apprenticeship year.

McWilliams said the secretary of agriculture should not wait for a short-supply crisis to develop to bring about better prices for dairy farmers.

If you think nothing is impossible in this modern world, just try to get an electrician on a Sunday morning.
